

'Working Together is Working Better'

Our Vision for the Badwell Ash Parish Community

Badwell Ash Parish will continue to be a thriving, healthy, and safe rural community - home to inclusive spaces, strong local identity, and facilities that serve all generations.

We champion improved pedestrian and cycle connectivity and support viable local businesses that reflect and enrich our village life.

We strive to nurture wellbeing, celebrate heritage, and empower every resident to feel valued, heard, and involved.

Together, we enhance our shared spaces, support one another, and build a resilient future - one that honours tradition while embracing innovation.

Our rural setting, green spaces, and wildlife are protected, nurtured, and enhanced as part of our deep environmental commitment.

All development will be guided by current and future housing needs, designed with sensitivity, supported by appropriate infrastructure, and aligned with ambitious Net Zero goals.
